PROJECTS

Better Health Website

- Developed a full stack mental health support platform using HTML, CSS, JavaScript, React, Node.js, and MongoDB, integrating an AI-powered chatbot and mood trackers.
- Designed responsive user interfaces and implemented database integration, reducing resource access time by approximately 50% for 100+ users

Mern Money Tracker

- This app allows you to track your expenses, save money and be mindful of your spending.
- It uses MongoDB to store the data related to expenses and express.js and node.js to handle the Back end and React for the Front-End.

CERTIFICATIONS

HTML, CSS AND JavaScript for Web Developers — Coursera, 2023

Python Essentials — Vityarthi, 2024

MERN Full Stack — Ethnus, 2025
